Every educational facility and community group needs strong role models delivering positive messages to their students. Your mission is to transform today's youth into tomorrow's responsible adults. Our mission is to support that effort. We'll validate your teachings through engaging and educational presentations designed to deliver character development in a unique and powerful format.

Interactive Demonstration

"Give your group an assembly they won't forget"

Imagine the look on their faces when they walk in and see a real live black belt smiling back at them. Now sit back and watch them laugh and learn as they discover the true meaning of the martial arts: respect towards others, confidence, discipline, and focus. The presenter will keep them actively participating while explaining the importance of the positive character traits a martial artist chooses to embrace.

- Participants will interact with the presenter and learn simple skills for balance and coordination
- Emphasis on the non-violent nature of the martial arts
- May be customized to support existing character development program
