Every educational facility and community group needs strong role models delivering positive messages to their students. Your mission is to transform today's youth into tomorrow's responsible adults. Our mission is to support that effort. We'll validate your teachings through engaging and educational presentations designed to deliver character development in a unique and powerful format.

Character Reading:

The Adventures of Jay & Tay

"Climb inside a book and experience it first hand"

Jay is getting ready to attend his first martial arts class. He thinks he is going to learn how to fight like on television. He quickly realizes that being a martial artist has more to do with self control, respect for others, and self discipline. He learns to follow directions, focus on the task at hand, and turn a bully into a friend. And so will your students.

- Participants get to be part of the adventure by practicing the skills described in the story
- Fun, high energy presentation
- Opportunities for discussion of the character lessons explored in the story
